NOTE: Download all your support materials and tools in one place.

1. Go to: <http://www.digital-watchdog.com/resources>
2. Search your product by entering the part number in the 'Search by Product' search bar. Results for applicable part numbers will populate automatically based on the part number you enter.
3. Click 'Search'. All supported materials, including manuals and quick start guide (QSGs) will appear in the results.

INSTALLATION

- 1 Using the mounting template or the mounting bracket itself, mark and drill the necessary holes on the mounting surface.
- 2 Secure the mounting bracket to the mounting surface using the screws and anchors included with the mount. Use the mounting pad between the bracket's arm and mounting surface as needed.
- 3 To mount the camera to the mounting accessory, remove the dome from the camera using the wrench included with the camera.

NOTE: Do not touch the lens when handling the camera.

- 4 Pass wires through and make all necessary connections.
- 5 Secure the camera to the mounting bracket using the included screws.
- 6 Adjust the camera's lens modules' position and angle and place the cover dome on the camera base to complete the installation.
